MRMLS Computer Training – Join the training staff from MRMLS for Computer Training on Thursday, July 20, 2006 for the following classes:

- Listing Upload & Digital Photo (10-12)
- Matrix/SmartMap & Realist (1-4)

Reservations are strongly suggested. Please call SRCAR to reserve your seat today at 951/894-2571. These classes will be offered each month on the 3rd Thursday in the large meeting room at the Association. Please see the calendar for exact dates on the Association's website at www.srcar.org.

MRMLS Presents Smart Trac - Smart Trac web-based application automates, streamlines, and simplifies real estate transactions from listing to closing to post-close. Smart Trac automated 24/7 online access lets you manage files on the run. Please visit the MRMLS Home Page for training opportunities at www.imrmls.com.

No Photo Notification - In order to improve the quality of the MRMLS listing database, the MRMLS Board of Directors and Association Executives approved the development of the No Photo Notification system. On behalf of your Association, MRMLS will be sending an automated notification when a listing passes 10 days of age without a photo.

MLSphotos.com offers a service to take a photo of your listed property for you. MLSphotos.com also has the ability to upload photos directly to your listings. Your Association office may also offer or refer a photo taking service. Depending on your Association's violation policy, a pending photo from a photo take service may not excuse a violation.

MRMLS also offers classroom instruction on photo upload at the Association offices. Photo maintenance is also covered in our Listing Upload manual, which can be found by selecting Training, Manuals, IMRMLS and Listing Upload from www.IMRMLS.com.

Though MRMLS policy contains actionable violations, the no photo violation is a referral to your Association. Each association served by MRMLS has their own Violation policies and procedures. Disputes or questions about violation policy should be directed to your Association Office. See Association Contacts from www.IMRMLS.com for further information.

MRMLS is dedicated to bringing you the best possible systems and service. We feel that an improved consistency with photos will benefit all members.

(SRCAR will be adding this policy to the MLS Citation Policy in the coming weeks. More information will follow. Thank you.)

News from NAR

Former Presidents Bush, Clinton to Speak at NAR Conference -Joining REALTORS® at the site of the most destructive hurricane ever on U.S. soil will be former presidents George H.W. Bush and William Clinton. They'll take the stage during the General Session at the 2006 REALTORS® Conference & Expo in New Orleans. Presidents Bush and Clinton -- who worked together on relief efforts after the 2004 South Asian tsunami and again after Hurricane Katrina in 2005 -- will talk about their Katrina relief efforts. The Bush-Clinton Katrina Fund has raised more than \$100 million to date and has so far announced \$40 million in grants to the affected states and \$30 million in grants to higher education institutions that were devastated by Katrina, the presidents' foundation Web site says. REALTORS® and others in the real estate community have stepped up to the plate, too, contributing some \$18 million to the REALTOR® Relief Foundation, American Red Cross, United Way, and other charities to help storm victims. Also at the General Session, NAR 2006 President Thomas M. Stevens will give his industry address and recognize the outstanding achievements of REALTORS®. The General Session is Saturday, Nov. 11, 4-6 p.m. For more on the conference, [click here](#). To register online, [click here](#).

Permanent Estate Tax Repeal Fails; Compromise Discussed - Efforts in the U.S. Senate to make the 2010 estate tax repeal permanent were stymied on a procedural vote in early June. Lawmakers are now looking at a possible compromise that would have an exclusion of about \$5 million with rates of 15 percent for most taxable estates and 30 percent for the largest estates. Such an approach would be consistent with NAR policy adopted at the 2006 Midyear Legislative Meetings in May. Timing for reconsideration of an estate tax compromise is unclear.

Fannie, Freddie Increase Property Insurance Deductibles - Fannie Mae and Freddie Mac have raised required hazard and wind loss deductibles to 5 percent of the face amount of homeowners insurance policies covering all property types. Both organizations also updated flood insurance requirements to accept deductibles up to the maximum deductible available under the National Flood Insurance Program for all property types. For details, mortgage lenders and services should contact the account executive at Fannie Mae, ([click here](#)) or Freddie Mac ([click here](#)).

NAR-Backed Regulatory Takings Bill Examined - NAR at an early June hearing in the U.S. House distributed a letter in support of a bill to streamline access to the federal courts in regulatory takings cases. A subcommittee of the House Judiciary Committee held the hearing on The Private Property Rights Implementation Act (H.R. 4772), which aims to help owners faced with a regulatory takings. These are land-use restrictions, such as those covering wetlands, that affect owners' ability to develop their property. Action at the full committee level is anticipated, although no timeframe is set.

Limit RESPA Reform to Improved Good Faith Estimate - NAR President Tom Stevens told U.S. Housing and Urban Development Secretary Alphonso Jackson in a June 7 meeting that any reforms to the Real Estate Settlement Procedures Act should be limited to improvements to the good faith estimate (GFE) and not give big lenders a competitive advantage. Past reform proposals were rejected by NAR and most industry groups because they went beyond simply making the GFE more accurate. Jackson says a reform proposal could be introduced this summer. Stevens also reiterated NAR's supports for HUD's efforts to make FHA more viable by introducing risk-based fee structures and other reforms.
